REGOLARITÀ

The GPS navigator
for Regularity class motor races

In collaboration with:

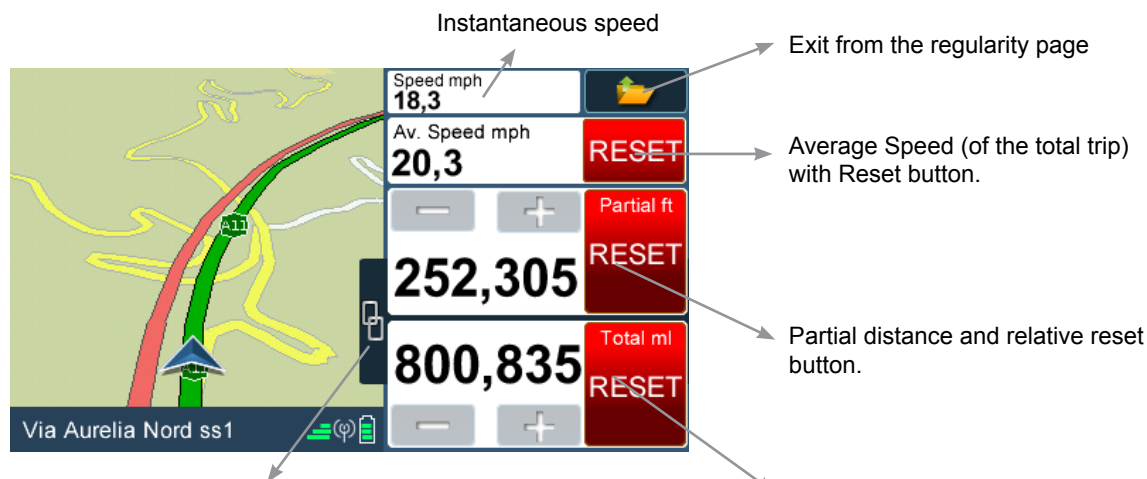

CLASSICTEAM™

Main Menu

In order to access to the Regularity Page, touch the Regularity button in the main menu. Tramite questa pagina speciale, sarà possibile gestire con precisione l'odometro, sia parziale che totale, senza abbandonare la visualizzazione della mappa.

Regolarità Special Page

Chain button: it allows using the + and - controls over total and partial distance jointly or independently. When the chain is closed, the controls work together so if you adjust one counter, the other one will vary accordingly. Touch the blue bar with the icon to open it: when the chain is open you can change one counter without varying the other one.
